

Inventory and Production Solutions

Helping businesses streamline inventory, production, and financials

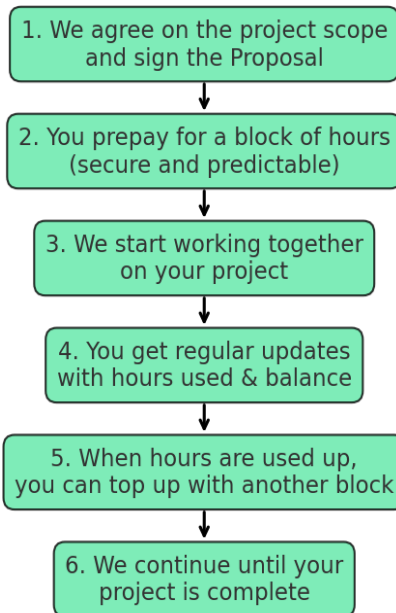

Our Services

We provide expert consulting and implementation services to help your business run smoothly. Our focus areas include:

- System implementation and configuration
- Inventory and production management
- Bookkeeping and accounting support (period-end & year-end closings)
- Financial reporting and system optimization

How We Work

Our engagement model is simple and transparent: you prepay for a block of hours, and we track the time we spend on your project. You ' ll always know how much time has been used and how much remains.

Why Choose Us

- Clear and predictable billing (prepaid hours)

- Regular reports with hours balance updates
- Experienced consulting in inventory, production, and financial systems
- We use the same Ecount ERP platform we recommend to clients
